

TUBBS. OPENING NEW FRONTIERS

Nearly a century ago,
Commander Peary chose Tubbs™
snowshoes to help conquer the North
Pole. Now, Tubbs - the number-one
name in snowshoes - is opening
retail frontiers with two new
precision-engineered, technically
advanced products.

Your active outdoor customers will
discover a new world of winter fun and
adventure with the new Tubbs Katahdin
8"X25" (*shown*) and the new
Tubbs Sierra 9"X30".

♦
*Aircraft aluminum frame for
strength and light weight*

♦
*Revolutionary Tubbs TD91 binding: as
easy to get on and off as a pair of shoes*

*TD91 Control Wings for confident
traversing and aggressive scrambling*

♦
*Tubbs' exclusive Quadex™ decking resists
sagging, fraying, and tearing*

Discover the new frontier in
outdoor retailing.
